# SOLAR WATER HEATER

**EVACUATED TUBE COLLECTOR (ETC)**

**FLAT PLATE COLLECTOR (FPC)**

Solar Energy

No Electricity

60–80°C Temp

Low-Maintenance

Solar water heaters harness the sun's energy to provide daily hot water at temperatures ranging from 60–80°C, without relying on electricity. Designed to maximize natural heat circulation for consistent performance and long-term reliability. They are the ideal solution for homes, businesses and corporate spaces.

## KEY BENEFITS

- Eco-Friendly Choice
- Perfect for new and existing buildings
- Zero electricity cost
- No effect on building aesthetics
